

1. Place your image in the Ai document (go to File - Place, then choose your image)
2. Select your image/object with the Selection Tool
3. Click on 'Mask' button (top tool bar)
4. Create your text box with your font of choice
5. Place your text box on top of the image
6. Hold down shift on your keyboard so that you can select both the image and the text box
7. Go to Object - Clipping Mask - Make
