

1. Place your image in the Ai document (go to File - Place, then choose your image)
2. Select your image/object with the Selection Tool (black arrow)
3. Click on 'Mask' button (top tool bar)
4. Create your text box and type with your font of choice
5. Go to Type - Create Outlines
6. Make your letter the size that you want
7. Place your text box on top of the image using the Selection Tool (black arrow)
8. Hold down the shift key on your keyboard so that you can select both the image and the text box
9. Go to Object - Clipping Mask - Make (or control click and choose 'Make Clipping Mask')
